Rick's service on the council:

- Helped establish televised Council meetings.
- Assisted in eliminating expensive out-of-town Council retreats.
- Maintained local representation by retaining Council districts.
- Created and currently chairs a committee addressing parking and traffic issues in Puyallup.
- Worked hard to provide relief and help during the flooding.
- Demonstrated the need for more public input in City decision making.
- Initiated discussion to bring back a police traffic unit.

What Rick has yet to do:

- Why doesn't the Council discuss term limits for elected officials?
- Why is transparency of government issues not a priority?
- Why are citizens blocked the right to bring initiatives and referendums to voters?
- Why must high taxes and utilities cause citizens to leave Puyallup?
- Why can't we spend more on sidewalks, streets, and sewers?
- Why are public resources spent on private parties?
- Why does the public struggle to get information?
